OUR MISSION

“To Succeed in Your Mission, You Must Have a Single Minded Devotion to Your Goal.”

– Dr. Abdul Kalam

The goal of our revered institution stands on the pillars of quality teaching and learning, deprived of which, the progress and development of any child is fractional. Through the medium of research and outreach plans, rendezvous of the pupils with many renowned people across different fields, the institution aims to create, convey, and apply the available knowledge to expand the personal growth of the students. Another important aspect which the institute refuges is the advancement in the social and community development which would, in turn, lead to an improved quality of life.

Paying heed to the leading scenario which points towards increased level of competitiveness in the modern world, our institution provides a holistic environment to the students for their overall development.

OUR VISION

To foster learning and achieve excellent standards of quality education keeping in pace with rapidly changing technologies and best practices.

**“EDUCATION with a
PURPOSE”**

About **PODDAR** Group of Institutions...

Poddar Group of Institutions, a synonym of vibrancy, dynamism and enriched positivity begun with its journey way back in 1998 under thought-provoking vision of Dr. Anand Poddar.

Concretely, “Education with a Purpose to Shape a Better Future” remains the mainstream motto of the group. With advent of industrialization and ever increasing demand of professionally trained skilled youth, our core focus has been to conceptualize the ideology what lies beyond academics; skill development, entrepreneurship and eco-system nurturing leading to generation of self-sustained youth of “New India”.

The journey of a thousand miles begins with a single step. But it involves deliberation and much hesitation. The magnificent journey of Poddar Group of Institutions however began in 1998 with a surge of enthusiasm that, in itself, makes a poignant tale. It is an inspiring tale and in the words of the founder of Poddar Group, Dr. Anand Poddar, it says: - “In spite of being from a business class family, I was working as a trainer because the want to strengthen the Youth was always in the back of my mind. Even in the 5th decade of India’s independence young graduates were struggling to even get a job. Specialization in every sector was being introduced in India I figured out that the lack of significant and innovative programs were the reasons. My heart cried out to see that the Youth with so much potential aren’t getting what they deserved.

That was a golden instance where Poddar group was formed with an aim to foster learning and achieve excellent standards of quality education keeping in pace with rapidly changing technologies and best practices.”

Thus the institution was founded to bridge the gap by emphasizing on value based programs to make students corporate ready; and train them for even startups.

The group has been envisioned to impart Purposeful education from various UG and PG programs to high end research programs (Ph.D., Incubate Technical

Support Programs) thereby catering to both industry specific and employability options encompassing multiple facets of divergent disciplines.

The group colleges focus on Best Innovative Academic practices reinforced with student mentoring, learning and support activities through various Clubs and cells. Our Alumni are carrying the rich values and virtues imbibed making us proud by scaling newer heights in different facets of the careers.

Poddar International College (Affiliated to University of Rajasthan, Jaipur; approved under section 2(f) and 12(B) of UGC Act 1956), being one of the premier institutions of the group is centrally located and equipped with all the major amenities. The college has been accredited by NAAC (An Autonomous Institution under UGC). Additionally, to add to its academic journey, it has been a recipient of some exceptionally prestigious awards like “Best Upcoming Higher Education Institute of Rajasthan” conferred by ASSOCHAM, Ministry of Human Resource Development, New Delhi. It has been ranked among top positions in Rajasthan by the India Today - Nielsen survey for its excellence not only at academic up-front but also at Research and Development, Skill Development, Extension Activities, Women Empowerment, Corporate Social Responsibility (CSR), Science Popularization and Outreach, Community Programs. It is among the few Institutes in Rajasthan to be shortlisted for NIRF (National Institute of Ranking Framework), under Govt. of India for the top-ranking colleges of India. Until recently, the college has received a major project from Department of Science and technology, Government of Rajasthan, Jaipur to establish Biotechnology Business Incubation Centre. It has also signed MoUs for student exchange programs, Internships and trainings with Top Universities, Institutions and MNCs. The college is focusing on skill enhancement of the students with Research oriented learning. And therefore it has joined hands with the Rajasthan skills University to develop the required skill set as per the needs of the Industry.

AICTE approved and Rajasthan Technical University affiliated “Poddar Management and Technical Campus”, has to its accolade 3 rd rank in Rajasthan amongst top 150 B-Schools (including IIMs) in a survey conducted by Times of India. The campus of this premier business school is located in Vatika, Tonk Road, Jaipur with the spiritual lush green surrounding with the eco friendly Solar powered infrastructure backed by DELNET library and Hi-tech buses.

The College has set up a benchmark to prepare the students for the upcoming challenges in the corporate world equipping them with the SPSS, Business Analytics, Financial modeling and IT based solutions. At the same time they are exposed for the new generation entrepreneurship through its Incubation centre guided by Mentors and corporate leaders.

The learning pedagogy does not only involve teaching through digital learning platforms such as Googles G-Suite, NPTEL, different digital learning platforms and portals but also through enormous case studies, Video lectures, Market research projects, Internships, workshops, Field surveys, Live projects, On the Job trainings.

Poddar Management Training Institute, a B.Ed college

approved from NCTE and affiliated to University of Rajasthan is focusing on the qualitative and innovative teaching methodologies and experiential and research-oriented learning to ensure right mentoring of the students.

Poddar International College of Pharmacy is Pharmacy college approved by Pharmacy Council of India. The D.Pharm is a popular course taught with Hi-tech pharmacy equipments and modern labs.

Poddar group also has a new lush green campus with facilities of sports academy and supercomputing labs with world-class leadership faculty running Poddar Business School, A next Gen PGDM Program, Nurturing Leaders of Tomorrow. Students learn business from a different perspective by making students experience another culture through our most vibrant Global Immersion Programs(GIP) with students going to study abroad each year in cities of different countries to explore global leadership opportunities, Simulation exercises, and Academic content powered by Harvard with this note, we welcome you all to enriching world of excellence, competency, integral learning, innovation driven aptitude, technical mentoring and above all an insightful personality development.

Chairman's Message

Education is
magnificently important to
humanity and is the basis of all the
progress processes. With this idea in mind, to
create new frontiers of knowledge and to nurture
the talents, we began our voyage in education, about
25 years ago.

Our endeavor at Poddar Group of Institutions is to strike
a balance between state- of- the- art infrastructure and
internationally acceptable value based education. We
believe in personalized growth of every student's
professional, academic and leadership development
through innovative, progressive and industry oriented
training; which enhance practical knowledge, develop
technical skills and personify professional attitude. Here
the young minds are bred bustling with self-confidence,
skills, knowledge and experience to take up challenges of
latest developments in their professions.

Welcome to the passionate, professional,
compassionate learning culture and to a warm
academic community.

Dare to dream, put in the best effort, enjoy
the journey and reap the reward!

Dr. Anand Poddar

Founder & Chairman

President's Message

Poddar Group of Institutions has been established with a vision where we are committed to meet our social responsibilities, while setting high standards for all our stakeholders.

We create a community which is vibrant and provides a lifelong learning experience and professional development.

New innovations and updated curriculum that is designed to cater the present needs are the unique features of this institution. It reflects our vision and our commitment to the society. We congratulate you on being a part of the Purposeful Education.

Sh. H.M. Poddar
President

Educating THE MIND

Without Educating THE HEART

Is No EDUCATION At All...

-Aristotle

Vice-Chairperson Message

As we welcome you, the future leaders and productive citizens of this nation, I would like to stress on our motto "Education with a purpose". Right from the inception, we follow the design, which epitomizes grooming young minds, and hearts as well-rounded future leaders through holistic development bringing forth their moral, ethical, human values so that they develop a multifaceted personality of character and confidence with a deep rooted passion in pursuit of excellence.

Over the years, we have excelled and maintained an utmost academic standard incorporated with the conduct of discipline and persistent effort, thereby achieving remarkable and excellent results. We aim to support students in achieving their golden ambition through discipline, active participation, knowledge seeking approach and, guidance of dedicated and efficient faculty members.

I wish all the very best to all the aspirants, "Our aspirations are our possibilities." Keep aspiring, keep achieving.

Mrs. Roopal Poddar
Vice-Chairperson

EDUCATION
is not
PREPARATION
for life
education is
LIFE itself...

CEO's Message

I have the immense pleasure to announce that Poddar Group of Institutions is now entering the Twenty First year. Our motto has been "Education with a Purpose". We believe in creating maximum number of opportunities for the student. We have the Management Accountancy Program at International level through strategic partnership at one end and pursuing research based projects in biotech and life science at other end.

I am confident that our upcoming endeavor in Technology and Management in the form of our university will be the guiding force to foster the academic excellence by nurturing the skills and talents of the students.

Sh. P. C. Gupta

CEO, Poddar Group

Principal's Message

Education plays the most vital role in shaping personality and contributing in strengthening the society resulting in growth of a country. In a democratic country with high youth population like India, it plays a great role in reaping the dividend of democracy. Poddar Group of Institutions, understanding its contribution in growth of country, works with the vision of purposeful education and focuses on shaping the mind and personality of the young generation to become good citizens and a successful professionals in global context.

I welcome you to Poddar Group of Institutions and wish that this new beginning at Poddar is filled with hopes and dreams of scaling new heights, hard work, dedication and perseverance which will lead you to success. The future belongs to you therefore, you need to prepare yourself for an active participation in the world. May this journey be empowering.

Dr. Praveen Goswami

Principal, Poddar International College

Vice Principal's Message

Our College is proud of its "Students First" philosophy and we feel great reward when students succeed. We know that students thrive in high quality instructional programs when they are sufficiently resourced to meet life's challenges. Poddar represents a college wide effort to strengthen student services and enhance community partnerships in order to increase available resources supporting student success.

It is a multi-disciplinary institution and this also ensures that the students have ready access to a wide range of academic material. Sports and other co-curricular activities are encouraged and the students are given every form of support to develop their talents in all fields. Our brand of education does not have narrow horizons, we believe in exposure. Our students are encouraged to widen their knowledge base and study beyond the confines of the syllabus. This is evidenced by the extensive library facilities in the college, both physical and virtual.

Dr. Meenu Mangal

Vice Principal, Poddar Internation College

Principal's Message

Welcome to Poddar Management & Technical Campus, a milestone of academic excellence and extracurricular performances which has enlarged and enriched Rajasthan's educational map.

Our commitment to provide a safe and intellectually challenging environment that will empower students to become innovative thinkers, creative problem solvers and inspired learners prepared to thrive in the 21st century. Poddar Management & Technical Campus has imparted quality education. The College has set up a benchmark to prepare the students for the upcoming challenges in the corporate world equipping them with the SPSS, Business Analytics, Financial modeling, and IT-based solutions.

With Best Wishes and Blessing for the upcoming session!

Dr. Payal Upadhyay

Principal,
Poddar Management & Technical Campus

Principal's Message

“We cannot always build the future for our youth, but we can build our youth for the future”. Remember “The reward of every good action will be good only”.

Poddar Management Training Institute has an extremely strong and proud culture of excellence in all aspects of a student's education. It has been a hub of arrays of activities filled with excellence and achievements. We feel proud to provide quality education by equipping our students with skills, confidence and a positive approach with all round development. The college is relentlessly striving to perceive and maintain academic excellence at the same time encourages the students to participate in various co-curricular and extra-curricular activities.

Dr. Harsh Kumar

Principal,
Poddar Management Training Institute

Principal's Message

In the growing period, as India is developing at an advanced level, health issues are also increasing. We know that health care is an integral & most important part of any society. To keep these scenario in mind Poddar group of Institutions has introduced Poddar International College of Pharmacy that provide a platform for the students who want to support our society in terms of health care.

We are committed to provide skillful & well trained pharmacist to improve the health care need of our society. We always encourage the students to explore their capacity for the human care. Our main aim is to achieve excellence amongst students by providing them high quality education.

Mr. Avinash Gupta

Principal,
Poddar International College of
Pharmacy

AFFILIATION

UNIVERSITY OF RAJASTHAN

The University of Rajasthan holds the distinction of being the oldest and the most valued Institution of Higher learning in Rajasthan. It was established as Rajputana University on 8 January 1947 and was recognized since its inception under section 2f and 12B of UGC Act. In the year 1956, the Rajputana University was renamed as the University of Rajasthan. Today it is the University with Global competence catering excellence in education in various disciplines & high quality research.

RAJASTHAN TECHNICAL UNIVERSITY

Rajasthan Technical University (RTU) is located in Kota in the state of Rajasthan. It was established in 2006 by the Government of Rajasthan to enhance the technical education in the state. The University provides quality technical education which may help Rajasthan in its technical development and will boost technical environment in the country. The University offers almost all the disciplines related to technical education including Bachelor of Technology, Master of Technology, Master of Business Administration, Master of Computer Applications, and Bachelor of Hotel Management and Catering Technology.

RAJASTHAN ILD SKILLS UNIVERSITY

RISU has been incorporated as Rajasthan Government State University vide Act No. 6 of 2017. RISU is an effective institutional intervention to implement National Skills Qualification Framework in the State. Being a Government University, RISU is the affiliating body for a large number of institutions operating in skill and vocational training. RISU aims vision of promoting excellence in Skill Education in an integrated and holistic manner and mission to emerge as one amongst the foremost institutions of quality in Skill Education recognized at National and International arena.

AICTE

All India Council for Technical Education (AICTE) is a national-level Apex Advisory Body that was established in November 1945 with an aim to conduct a survey on the facilities and provisions available for technical education in the institutes. The council aims to encourage India's development in an integrated and coordinated manner. It comes under the Department of higher education and received a statutory status by an Act of Parliament in the year 1987. AICTE takes complete care of the planning and development of technical education in the institutes of the country. It is monitoring the accreditation, checking the courses and programs, and funding the priority areas in the field of technical education to ensure coordinated and integrated development of the colleges.

RAJASTHAN UNIVERSITY OF HEALTH SCIENCES (RUHS)

Rajasthan University of Health Sciences (RUHS) was established under the Act of State Government "The Rajasthan University of Health Sciences Act, 2005" (Act No. 1 of 2005)" on 25th day of February, 2005. The University aims to disseminate and advance knowledge in medical and health sciences. The University provides academic and research facilities in various streams to the students studying in various Government Colleges (Medical, Dental, Nursing, Pharmacy & Paramedical) and private colleges/institutions affiliated to this University. The University endeavours the process of making itself a leader in world class medical education by focusing on the systemic instructions, teaching, training and research activities.

COURSES & OFFERED

DEPARTMENT OF SCIENCE

Science is a systematic enterprise that builds and organizes in the form of testable explanations and predictions about the universe. Department of Science amalgamates a vast blend of academicians, researchers, industrialists and technocrats from divergent disciplines like Botany, Zoology, Chemistry, Physics and Mathematics. Additionally, all the specialties are equipped with state of art infrastructure, in-house library, techno-savvy environment, centralized incubation facility and conducive learning environment. Traversing the path from under graduate studies, post graduate studies until high end doctoral programs remains the mainstream. With core specialization in different allied disciplines, these domains offer in-house research projects, capacity building programs, techno-cultural events, academia-industrial interaction to ensure 360 degree development of an aspiring candidate.

Industry Speak

"I was invited by poddar institution to give a guest lecture on Research Article Writing. I got an opportunity to interact with chairman sir, principal sir and other faculties to know about mission and vision of the institution. Poddar institutions is determined to provide a high quality education to students and their all-round development. I wish all the best in their endeavours."

Dr. Gunjan Purohit

Research Associate,
University of Nebraska Lincoln, USA

It is a moment of immense pride for me to share my experience with Poddar Group of Institutions, specially Chairman, Dr. Anand Poddar. This institution has a positive vision not only in terms of higher education but also in terms of research driven entrepreneurship. I am looking forward to have them associated in future Israel delegations in digital healthcare, agriculture, education and environment sector. I wish them good luck in their future endeavors.

Mr. Tejinder Singh

Senior Trade Officer-Healthcare
Economic and Trade Mission, Israel Embassy,
New Delhi

Student's Speak

I have learned a lot in Poddar. It has provided me with great opportunities which helped me to improve myself in every aspect as a student, as a senior, as a friend, as a leader and most importantly as a professional. With the blessings of all, I have cleared CSIR-NET JRF. You enter a college as a confused teenager and a right Institute serves the very purpose of molding you up in each and every respect. At the end of day it all depends on how well you perform in your organization and how keen you are in learning new things that to with right attitude.

Piyush Kumar Meena

M.Sc Zoology
CSIR NET JRF, AIR 144

The college experience was very good. Opportunities in College gave me strength to become more independent and to take new challenges in life. Faculties are also very supportive and cooperative. I am thankful to all teachers for supporting me and helping me with my learnings and shaping my career. It's a fantastic place for higher education. It polishes your academic career and also organizes extracurricular activities to gain real world experience.

Shipra Sharma

MSc Chemistry
(SEO Analyst) Helpbot

Getting into Poddar is a matter of pride, honor and joy.

All faculties leaves no stone unturned to shape one's future. They are very friendly and cooperative, whenever I feel the need for guidance; even after Masters. They helped me to enhance my academic and interpersonal skills. I would like to thank and extend my sincere gratitude to the Management and all the faculty members. I feel extremely honoured to call myself a part of this prestigious institution.

Sunita Shekhawat

M.Sc. Zoology

I am very lucky as I Completed my PG (M.Sc.) from Poddar International College. As many things I learned there, like; subject knowledge, practical exposure etc. Poddar Group gave me best faculty members as mentors and best study environment to develop my career. I can say that they gave direction to my career and as a result, I am working as a Preventive Officer in Custom Department at Mumbai. Thanks Poddar group. I really miss my days there.

Nikhil Mathur

M.Sc, Chem.
Preventive Officer, Custom Department,
Mumbai (Central Govt.)

Poddar international college is a place of learning, fun, culture, lore, literature and many such life preaching activities. Studying at the Poddar College brought an added value to my life. It gave me an opportunity to meet different kind of people and learn a number of things. I have received a great support from faculties & placement Cell. I am thankful to Training & Placement cell for providing a platform to enhance my skills and an opportunity to showcase them.

Mohit Saini,

M.Sc. Zoology
Faculty
Allen Career Institute, Kota

I would cherish the days of belongingness with "Poddar International College". It was a journey which has enhanced my personality and groomed me at many phases. I got a disciplined environment and learnt a lot from the faculties here. They were very supportive and encouraged us to grow up in our lives in all ways. It is extremely overwhelming to have lived in such a friendly ambience.

Mona Bhararia

B.Sc.,
IIT JAM Math

It is really a great moment to go through old memories, I made at PIC campus. I came to Jaipur for my Master's degree and after long or extensive search, my uncle suggested me about PIC and I started here as a P.G. student. I spend here 2 years; I became Mr. Fresher from my batch. It was great achievement for me. I learned a lot from my faculties in field of science. I would like to say thanks to the Chairman Dr. Anand Poddar sir who taught us values of time and life by organizing various motivational seminars. Thanks PIC for giving me such a wonderful platform. Being proud alumni of PIC, I welcome you at PIC and wish you all the best for future endeavors.

Industry Speak

In this era of limitless opportunities and competition, it is of paramount importance to be equipped with knowledge, habits and attitudes leading to holistic development. They not only inculcate ethical and moral values but also make students good human beings and confident leaders. I intently believe Poddar Group of Institutions provides the right environment for comprehensive development.

The institution has seen remarkable growth since its inception. By promoting learning, research, creative activity and professional responsibility, it has contributed to the good of the community. I extend my support to the institution in its mission to prepare students for leadership roles in local, national, and global communities. I hope our efforts will promote the lifelong learning that makes our students and alumni successful in a wide variety of careers and universally respected by employers and the society.

Professor Rajkumar

BHU, Varanasi & Visiting Professor,
Ghent University, Belgium

Education is most powerful instrument to improve society. Those who have committed themselves to spread knowledge and wisdom are carrying the most important responsibility on their shoulders. I am pleased that Poddar Group of Institutions is carrying that responsibility sincerely and successfully.

I would like to convey to students that they are indeed blessed to get education at one of the best institutions of Rajasthan. This is the time to devote themselves completely to achieve the best in education and learning. Always remember that hard work, politeness, broad and accepting mindset and highest regards to your faculty members are the key ingredients to success. I wish you all the very best for your journey ahead.

Professor Rajiv Gupta

Former Professor and Head Dept. of Sociology,
UOR

Years of Study at Poddar International College were undoubtedly the best years of my life. When I look back now, I realize how Poddar College helped me to shape my personality, infused self-confidence and made me ready to face the professional world. This place has completely transformed my personality and has given wings to my dreams. I owe my success to my faculty members, my mentors in the College and my parents who made the right decision to choose this College for me.

Shaktiman Singh Naruka

B.A., Mahindra and Mahindra Financial Services Ltd.

For a variety of reasons, I highly valued my education at Poddar College. I learned a lot of things that I didn't know before. I was also able to join a number of clubs, including the Cultural Club, Literary Club, Research Club, Management Club, and others. The teachers would not leave any stone unturned in their attempts to mould one's future. I was a member of the cultural club and actively participated in its events. My three years have been a tremendous learning experience with a lot of exposure. All of the faculty members and the department have my undying regard, love, and thanks. Their efforts helped me grow into a better person with a more positive outlook on the future.

Tapasya Kanwar

Industry Speak

Creating an academic foundation for social, scientific, economic and technological development of our nation is a great responsibility. Helping the youth meet career challenges in an increasingly globalized environment is also a challenge for educators, parents and the society.

Poddar Group of Institutions is committed to foster its students individual excellence and lay the foundation for future growth. To achieve these goals, the Group inculcates development in all facets of life including academics, co-curricular events, holistic personality development and career orientation. I express my hope that all members and stakeholders will continue to provide unwavering support in taking this institution to greater heights. I thank faculty members, students and management for their commitment to the organization's vision of excellence in education.

Mr. Konark Gupta

Equity Research Associate, Comark Securities Inc, Canada

Education is one of the greatest strengths of a society. Knowledge and skills are the driving forces towards excellence in the present global scenario. The education system plays an important role in a nation and it is a decisive factor in sustaining competitive advantage at the national level.

I am delighted to be associated with Poddar Group of Institutions with the philosophy of nurturing young minds with creative leadership and value creation. Over the last two decades the Group has made significant strides and has emerged as one of the leading centers of excellence in education. Its strong linkages with academic and corporate leaders enable two-way flow of knowledge, talent and resources.

I convey my sincerest wishes to all members of Poddar Group of Institutions and wish students a journey of education filled with joy of discovery and enthusiasm.

CS. Shyam Agarwal National President, The ICSI

Student's Speak

It was a great journey at Poddar. Those three years gave a lot of golden opportunities to discover my hidden skills. I feel proud to be a part of Poddar family. I will be forever grateful to Poddar for defining my dreams and giving me life changing experience.

SUMIT SHARMA

DEPARTMENT OF INFORMATION TECHNOLOGY

The world of Information Technology has witnessed remarkable growth in the last decade and it has created huge opportunities for the youth. These courses are one of the popular options to make a career in information technology. These programs are a blend of Computer Science, Management and Engineering courses. The idea behind this is to build the foundation of students strongly so that they can compete in the present global situation to meet the shortage of skilled human resource.

Bachelor of Computer Application (B.C.A.) is three year degree course with an idea to offer students with project-based learning, campus recruitment training for placement, exposure to IT world

through industrial visits and working on live projects, well-equipped laboratories with latest software, application, and practically oriented syllabus.

The Master of Science in Information Technology (M.Sc. I.T.) is a terminal degree program designed to prepare students for more highly productive careers in industry.

The post graduate program is designed to meet the growing demand for qualified professionals in the field of Information Technology. Degree is inclined more towards Application Development and thus has more emphasis on latest programming language and tools to develop better and faster applications.

Student's Speak

I strongly believe that there exists determination and moral support to achieve anything in life. The former part is within ourselves and for the latter there are people who provide us with utmost help for which I would like to thank the Poddar International College. My life at Poddar International College made me stronger and took me a step ahead for being an independent. I am so grateful to all the faculty members for being so supportive and bringing out the best in me. All the events that I took part in helped me grow my confidence level.

Yash Sharma BCA, TCS, Software Developer

During my three years of bachelor studies, I have gained the knowledge and skills that will help me develop my future career as a Software Developer. I am thankful to Poddar International College and all the passionate teachers who were kind and well prepared for sharing their wisdom and experience with us. They always provided us with amazing opportunities and challenges that kept us on our toes and made us more capable of solving problems outside the realm of textbooks and our curriculum. I'm grateful to the efforts of Poddar International College that helped me bag the first job that I applied for.

Ankit Sharma BCA, Software Developer, Programmes.io

FASHION DESIGN

Fashion design is a form of art dedicated to the creation of clothing and other lifestyle accessories. To work as a designer, you should have an artistic and creative personality. Fashion designer begins with an idea of how a garment should look, turns that idea into a design (such as a sketch), and specifies how that design should be made into an actual piece of clothing by other workers (from patternmakers to finishers). The category of fashion designer includes people at different levels of the fashion business, from well-known couturiers, to anonymous designers working for commercial ready-to-wear houses, to stylists. Fashion designers hold a special place in the world. Their talent and vision not only play a major role in how people look, but they have also made important contributions to the cultural and social environment.

Duration : 3 Years • Eligibility : graduate

Career Opportunities...

- Fashion Designer with Design Studios/Export Houses/Retail brands
- Fashion Stylist
- Costume Designer for Theatre & Movies
- Visual Merchandiser
- Product Development Merchandiser
- Fashion illustrators
- Independent Design Consultant
- Retail Buyer/ Retail Manager
- Textile Designer

Industry Speak

Fashion is different from other fields. It's about living in the now. Every day when you get dressed, you're recreating yourself. That's an amazing thing. Sometimes no matter how you are, you hit a point in the season, or in your life, where none of your clothes feel right. Maybe they don't fit, or your life has changed. When you go out and find clothes in new sizes or shapes, clothing can help you reinvent yourself. Your clothes are the tool that helps you get through those transitions. It's why fashion continues to be viable for me.

This fashion designing course focuses on aspiring Fashion Designers to develop the skills needed to create, construct, and finish different garments.

Your career prospects could be:

Costume designers, Fashion consultants, Fashion Stylists, Product Developer, Quality Control Manager, Fashion Merchandiser, Visual Merchandiser, Fashion Retail Managers, Trend Forecasters etc.

To be successful as a fashion designer, one should have formal training, especially drawing, fabric and sewing skills. There's a lot of technical knowledge involved in designing.

Shweta Mehta Modi
Model & Entrepreneur

"I am so honored to have been chosen by the Poddar group of institution as a guest of honor. Depicting my story to the students from a typical corporate life to an entrepreneur was truly great and fun. The professors made my visit to the institute so warm and welcoming. Student's Speak

Myslf Rajul Jain, student of B.Voc Fashion Designing at Poddar International College. College has all facilities and equipment which is necessary for education. They provide me an excellent platform to learn and gain enough knowledge in fashion designing. Being a creative person, this college has helped me to evolve more of my innovative side. The faculties are more like mentors and help us to grow. Apart from academics, there are a lot of other activities. It's a great place to learn, and also the college provides stage for fashion shows, graduation show, the college fest, art competitions, youth fest, University sports tournaments and many more. It's a lovely place for your fashion career. Highly recommended.

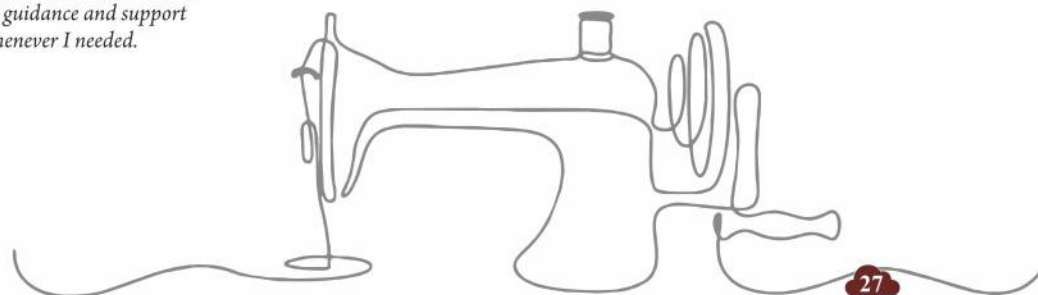

Myslf Prabhjotkaur, here at Poddar International College, pursuing B.Voc in fashion designing. I am extremely grateful for expressing my gratitude towards the college as it gave me the platform to start my career. Faculties are very helpful and supporting in every possible way to gain knowledge and to enhance creative skills. They motivate you and give you the push you need to get the best out of yourself. They pay individual attention to each student. We have attended many creative workshops, social interactions through various sessions and events and we learn a lot from this. I would like to thank all the teachers and staff members for their guidance and support whenever I needed.

I am CharulVerma, studying Fashion Designing at Poddar International College. Choosing this college has been a great decision for me as I am having so many opportunities here. The college has provided the students with great teachers, resources, and most importantly, exposure to the outer world. Being engaged in multiple events by college, has helped me grow in every way. I would like to thank our teachers, mentors and our dignitaries for the guidance, support and encouragement needed in our career.

Myslf Priya Rana, B.Voc II year, being at Poddar International College has been a great experience, with the support and guidance of faculties and staff, I was able to take part in many events and training programmes, practicals and on-floor trainings have been coherent. Institute's guidance philosophy matches with modernity blended with tradition. Regular industry visits, tie-ups with various private and govt. Bodies and institutions have helped us groom our practical knowledge. It's been a great journey studying at Poddar Fashion College.

INTERIOR DESIGN

Beautiful & classy interiors don't just happen. They are well planned & designed by qualified interior designers who combine their creative artistic skills to create beautiful functional spaces where people can work and live. Becoming a professional interior designer is more than just being creative. With formal education and training along with passion & determination of designing a splendid interior need a well-rounded education and the skills to work within many disciplines of architecture; graphic design; decorative arts; and textile, furniture, and lighting design. Today, interior designers work with contractors, architects, engineers, craftsmen, furniture dealers, and business and home owners. Interior design is a multi-faceted profession in which creative and technical solutions are applied within a structure to achieve a built interior environment.

B.Ed.

DEPARTMENT OF PHARMACY

The beginning of Pharmacy is ancient. The history of pharmaceutical education has closely followed that of medical education. Since the treatment of the sick with drugs encompasses a wide field of knowledge in the biological and physical sciences, an understanding of these sciences is necessary for adequate pharmaceutical training.

Pharmacy, the science and art concerned with the preparation and standardization of drugs. Its scope also includes the cultivation of plants that are used as drugs, the synthesis of chemical compounds

of medicinal value and analysis of medicinal agents. The science that embraces knowledge of drugs with special reference to the mechanism of their action in the treatment of disease is Pharmacology.

The Pharmacists are professionals in the field of healthcare with the specialized training to perform various roles to ensure good health of the society and to ensure the easy, safe, effective and affordable use of drugs. This is an evergreen profession by looking at the increase in demand of medicines day by day.

COURSES

Industry Speak

I was very happy when I heard that Poddar Group of Institutions is entering in the field of pharmacy 'a noble profession'. Pharmacy profession is growing in India day by day as India is the largest manufacturer of generic medicine in the world that produces lot of jobs every year. It is one of the largest revenue producing segment that support Indian economy. This profession not only educates students about medicines but also provides a great opportunity to be an entrepreneur in the field of medicine.

Mr. Om Prakash Solanki

Owner - Clinton Pharmaceuticals

Student's Speak

We come to know about our weaknesses and strengths in college life which help us to face the throat cut competition in the world. Poddar International College of Pharmacy is the best platform in the field of pharmaceutical education for a student. I selected Poddar International College of Pharmacy because of its quality education under the supervision and guidance of highly qualified faculties. Our faculties always support and motivate us to learn and perform the new concepts so that we can reach and achieve our best. They always try to teach us about our social responsibilities in the field of pharmacy. Poddar International College of Pharmacy is a college where a student can uplift his knowledge as well as overall personality. So I can say that I am blessed to be a part of the great pharmacy field and Poddar Group of Institutions.

Kareena Yadav

D. Pharm.

I am very lucky to be a part of Poddar Family. Poddar International College of Pharmacy is a part of Poddar Group of Institutions which provides an overall development of students in academics and in other co-curricular activities. I have not only improved my knowledge about medicine but also understood my social responsibilities under the guidance of highly qualified faculty members of our college within few months. I have also improved my personality and able to clarify my vision for the future. Pharmacy course ensures lots of scope to students in today's scenario. Poddar International College of Pharmacy provides full opportunities with well equipped classrooms, laboratories and library. I must say that it was my right decision to choose Poddar International College of Pharmacy for the study of pharmacy course.

PODDAR
BUSINESS SCHOOL

Poddar Group Introducing

PGDM

**EMPOWER YOURSELF WITH ACADEMIC EXCELLENCE,
BETTER PLACEMENT & GLOBAL EXPOSURE**

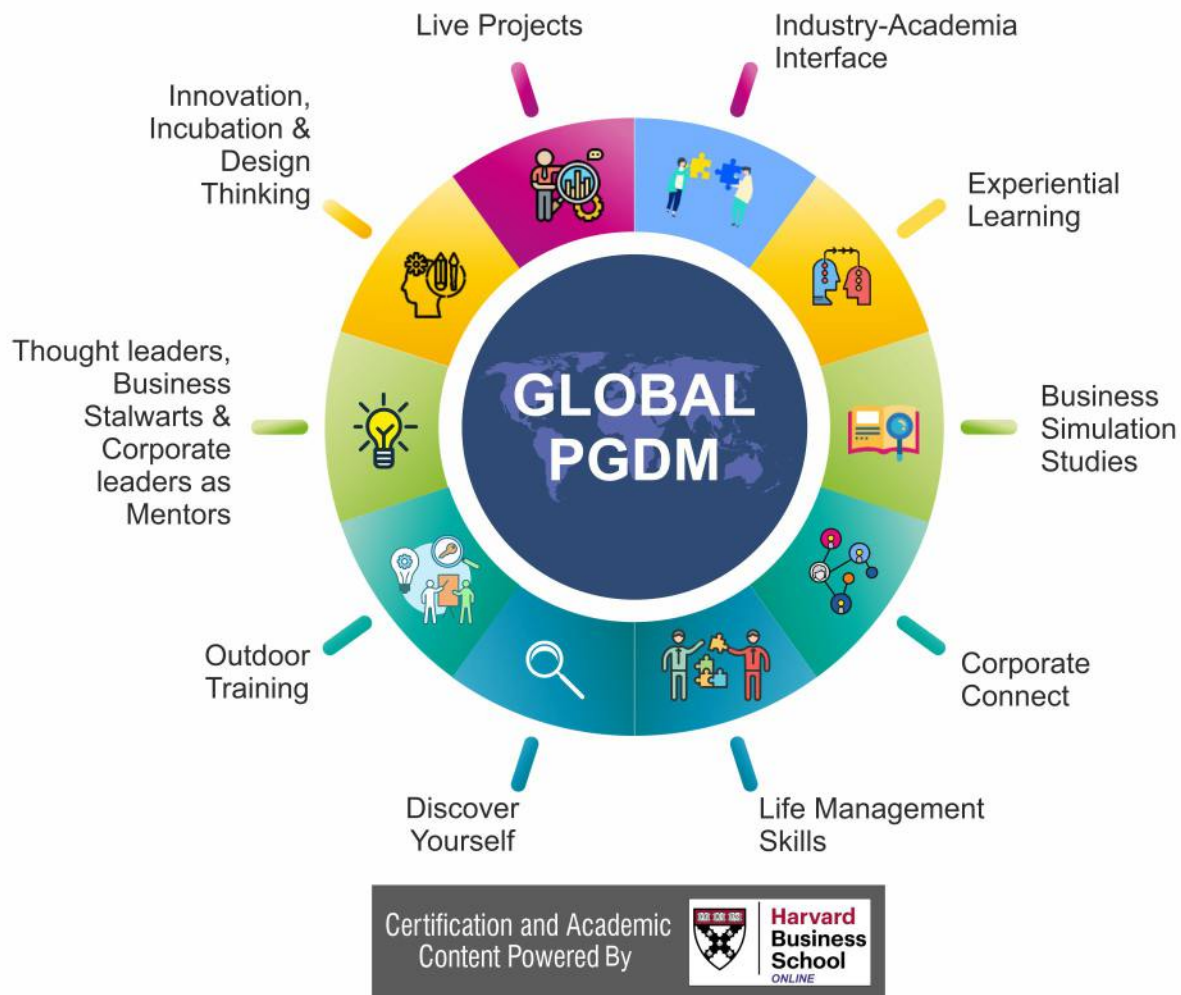

ABOUT PODDAR BUSINESS SCHOOL

Poddar Group of Institutions, continuing its legacy in Management Education has brought a next gen campus @ Poddar Business School introducing PGDM program with an objective to nurture and prepare a diverse group of young aspiring corporate leaders with the knowledge, analytical ability, and management perspectives and skills needed to provide leadership to organizations competing in a world increasingly characterized by diversity in the workforce, rapid technological change, and a fiercely competitive global marketplace. The program is designed to prepare students for careers in management and leadership in both the private and public sectors. Students acquire a comprehensive foundation in the fundamentals of business, the global environment in which they will function, and the analytical tools for intelligent decision-making.

ABOUT PGDM

Develop your personal leadership capacities within Poddar Institute's distinctive blend of leadership coursework, coaching, experiential learning, and wide range of student run activities. Our mission is to develop leaders who act with a deeper understanding of themselves, their organizations, and their communities, and contribute positively to the growth of each. The Leadership Program at Poddar Institute offers one of the largest set of options to develop your leadership style by analyzing and building on your strengths. Supporting leadership development, Poddar Institute's Center for Leadership and Change Management brings new understanding to developing organizational leadership and stimulating practical applications of this knowledge. Discover how Poddar Institute leadership ventures, learning teams and other programs can help you forge your future path as a leader.

STATE-OF-THE-ART INFRASTRUCTURE

📍 Ramchandrapura Ind. Area Campus

Located in the midst of the Educational and Industrial Hub of Jaipur, the lush green and well developed campus of Poddar Business School (PBS) equipped with all modern amenities provides the right platform to the students to get connected with the Industries and Corporate sector. The campus is well connected to public transport facilities and equipped with other basic amenities like Healthcare, Banking, Postal Services, Shopping Complexes, Malls, etc.

DIGITAL SMART CLASSROOMS **Temples of Growth & Knowledge**

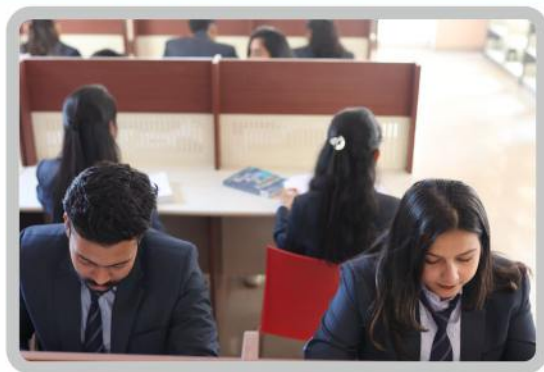

Poddar Business School (PBS) strongly believes that a classroom is a place where the mind is moulded and basked with the rays of knowledge – a place where the mind is open and curious to learn and are directed with endless boundaries of growth and learning.

Here, the educator is the leader, the mentor, the guardian of the impressionable yet fully potential mind. The mind of student, which is safe guarded and protected till it blossoms, and is ready to take the world into its stride, with its varied academic and creative skills and treasured values to lead a happy and prosperous life.

Classrooms integrated with digital displays, tabs, whiteboards, assistive listening devices, and other audio-visual components to make lectures easier, engaging, and more interactive.

BUSINESS-LED DESIGN THINKING LABORATORIES

Life cycles of products and services, technology and business models, are reducing rapidly, and the need for innovation is growing. Innovation, however, has conventionally been considered an obscure, fuzzy subject. Hence, here Design Thinking comes to the rescue keeping a methodical approach.

At Poddar Business School, we help to unlock the potential for our students who will eventually help the clients/employers to create impactful solutions across sectors like IT, Financial Services, Social Impact, and Manufacturing by blending human centricity of design with the power of technology and business strategy.

DIGITAL LIBRARY & RESOURCE CENTRE

Poddar Business School (PBS) strongly believes that a classroom is a place where the mind is moulded and basked with the rays of knowledge – a place where the mind is open and curious to learn and are directed with endless boundaries of growth and learning.

Here, the educator is the leader, the mentor, the guardian of the impressionable yet fully potential mind. The mind of student, which is safe guarded and protected till it blossoms, and is ready to take the world into its stride, with its varied academic and creative skills and treasured values to lead a happy and prosperous life.

Classrooms integrated with digital displays, tabs, whiteboards, assistive listening devices, and other audio-visual components to make lectures easier, engaging, and more interactive.

INCUBATION CENTRE & CO-WORKING SPACE

This centre provides an active support ecosystem to inspire students to mentor, and incubate their ideas, help in developing breakthrough innovations, provide them mentors, seed funding and creating world class startups and commercialization of prototypes.

In co-working space college is providing common infrastructure, computer terminals, internet facilities, utilities and other services to different companies to give them convenient working atmosphere with the paid internship and working facilities to our students.

DIGITAL RESOURCE HUB **Computer Centre**

We have compiled the best of our digital resources to support learning and exploration. These help our students and teachers to feed the curiosity of growing minds and inspire to think broadly. These resources are periodically reviewed by eminent professionals from industry, which enables students to explore their passions and interests further and to explore more about the corporate world

SPORTS ACADEMY **Indoor & Outdoor**

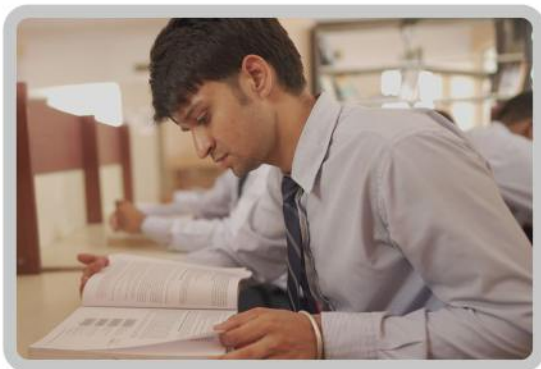

Sports activity helps in overall physical development and brain development and increases the power of reasoning of students. Being actively involved in sports can help students relax from their daily routine of learning syllabus and reduces exam stress.

One needs to keep a balance between work and play to keep the body and soul in sync. Sports also inculcate various qualities like - Tolerance, Patience, Pressure Handling, Team Spirit, Proficiency in sharing Victory and Defeat Obedience, etc.

We at Poddar Business School give special attention to Sports and have established an international standard for a variety of Outdoor and Indoor Games like Cricket, Basketball, Volleyball, Kabaddi, Badminton, Table Tennis, Carom, Chess, Billiards table etc.

CASE STUDY DEVELOPMENT CENTRE

The case study is a key component of the learning pedagogy at PBS. It is one of the repository of business management case studies. Cases encourage in-depth analysis by gathering supporting information either through published sources or by directly interacting with the companies. We get the students involved in developing such cases.

AUDITORIUM

It is a having a good ambience with spacious seats provides outstanding environment for functions, events, seminars, workshops and other cultural evenings.

PEDAGOGY

TEACHING & LEARNING PROCESS

Life @ Poddar!

- ACADEMIC EXCELLENCE
- SOCIAL ACTIVITIES
- INTERCULTURAL TEAMWORK
- PERSONAL GROWTH
- FUN AND FRIENDSHIP
- SPORTS & FITNESS

Poddar is committed to create a positive environment where every student enjoys and experiences the most memorable moments of college life.

From music and art shows to sports, workshops, club activities and more, there's always something exciting happening within the campus.

STUDENT CLUB COUNCIL

One of the Integral parts of Student Development at Poddar Group of Institutions is supporting and facilitating co-curricular activities and opportunities. Poddar students have exciting lives beyond the classroom and student clubs enrich the student experience.

Student clubs are student-driven to promote healthy, educational, cultural or social events to club members and the community at large. Student groups organize programming on a variety of topics, along with social events and community service.

All student clubs are held to the guidelines outlined. Actions taken by students on behalf of the club may be considered actions taken by the club. This handbook will administer resources and guidance to enhance the programming experience of your student club.

Objectives of Student Clubs

Help student leaders successfully organize and manage their clubs.

- Administer guidance for planning and facilitating programs and events.
- To represent clubs and institution at various platforms.
Association with different forums Nationally and Internationally

SURMAI CLUB

CULTURAL CELL

...Unlock Your Zeal & Exemplify

The “Surmai Club” of Poddar Group of Institution endeavours to promote an environment where students get to absorb best of cultural and traditional values for all round development of their personality. We provide them best of mentors to absorb moralities and traditions of our culture and help them develop winning traits in them – by taking part into various cultural inter and intra competitions held in different colleges. All activities in the club are to inculcate in students the sense of pride and belonging to the alma mater. This always pays back when we see our students reflecting great values, team spirit, sportsmanship and camaraderie to the best of their ability. Some events conducted are:

Srajan

Annual Function

and is decorated
with the glorious achievements of a student who are nurtured here so that they can shine on the world map as stars.

“A person who gets appreciated will always do more than expected.” An annual celebration dedicated to facilitating the super achievements and remarkable contribution of students and teachers. Institutions are not just made of brick and mortar; it is built by passionate and full of life faculties

Manthan

- 4 Days of Extravaganza
- 11 Competitions

INTERNATIONAL COLLEGE

PRESENT

SK
RU

creative CLUB

Creative Club's mission is to make the college environment more creative and engaging. The club aims to generate a variety of ideas from students, which will help them to improve their individual thinking and viewpoint. Students' learning, decision-making, imagination, collaboration, and teamwork improve when the best idea is chosen and implemented. Creative Club assists students in honing their creative abilities by inspirational designs, illustrations, and graphic elements. The creative club entails not only creativity but also management abilities.

Creative Club organizes an annual intercollegiate activity of Scrap to shine, Fashion Show, Different kind of Workshops etc.

Scrape to Shine

Poddar International College organizes inter collegiate competition scrap to shine every year. The theme of the competition remains recycle for the life cycle the main intent of organizing this workshop is to utilize the waste products and create something useful out of it this event is open for all the streams and departments the main emphasis of the event is to manage waste and other renewable sources of energy the students participated enthusiastically in the competition and created products like clock, dummy house project, lamp, basket, decorative items etc. The students are felicitated by cash prize and certificates.

JKK pink fest

JKK Pinkcity International Art, Heritage & Cultural Fest was organized in support of Indian Institute of Architecture-Rajasthan Chapter, Kalaneri & City Live News. Poddar Design Department's design students exhibited their innovative work including the bamboo lamp, fruit baskets made out of old newspaper, building structure made from match sticks and many more such creativities proving that with new ideas the waste things can be recreated in the usable things.

Aarunya

Aarunya-a grand fashion & lifestyle exhibition was organized by Indian Circle of Moms giving platform to the women entrepreneurs to present their creations. The chief guest of the event was famous TV actress Mrs. Smita Bansal. Here, Poddar Fashion Design students presented the hand woven KHADI collection on ramp in modern way, bringing out a beautiful blend of traditional & modern fusion, won laurels by all.

Club BITDRONE

About Club

Bit Drone- the Information & Technology Club of Poddar Group of Institutions, is a platform to built on enthusiasm and zeal to help you learn more about the ever-changing sector of Information Technology. We are committed to promote innovative ideas, developing technology, visualizing a futurity based on the inferences made, and creating a safe space for learning and growth.

Wonder. Think. Create. Tech is an exciting world full of learning and fun. Tech is for everyone. You will find something that interests you, no matter what department you work in. Passion and an open mind are all you need.

You can make your robots, code your own code, create your megastructures and do all sorts of crazy things. It's a chance to think, wonder and create. We organise international tech fest every year where students can show their technical know-hows, compete and learn new technologies from fellow technocrats. Club organises workshops, seminars, webinars, competitions, student development programs throughout the year.

Projects & Ideas Developed Under BITDrone

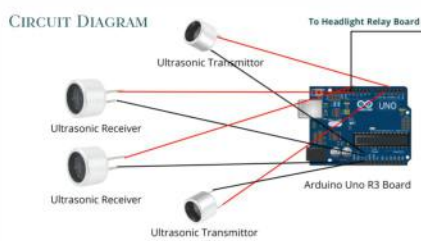

Head Light Modulation

Club created a project for Head Modulation, In this project, we tried to through a solution to a very common problem that people face in their day-to-day life. Many people in their daily life are facing the problem to high beams. Our project focuses to automate the headlights so that we can go to low beam to high beam or vice-versa on their own.

Project is shortlisted by FORTI StartUp & Innovation Competition and Smart India Hackathon.

The Blind Vision

Blind peoples usually directed with the help of white cane We attach ultra sonic sensor in the white cane which detect the obstacle The applied sensor can alert and navigate the user via Bluetooth connected earphones. Idea Selected in Smart India Hackathon.

HOW IT WORKS ?

The device sends out waves as the user walks on the road. According to the mode selected.

The device detects obstacles and vibrates according to how far they are

BitScan

There are many enterprises that create counterfeiting products of those brand which started from scratch and created a niche for them. So BitScan provide a solution to tackle the problem of making a product unique so that so even the product gets copied. The QR code that identify it as a product will remain unique.

It is store using the concept of private Blockchain. So that, the producer gets its fair share of profit.

Home Automation System

Students from department of information technology, Poddar International College has developed a Home automation system. It is a technology that converts your home to perform different sets of task automatically. Our system typically connects your existing devices to a central hub which is developed by our students. That central hub controls all existing electronic appliances of your hosue. Students also developed a mobile phone application, a user interface for operating the system. You can control your home appliances from any geographic location around the world with Internet connection only

The USP of the project is that you don't need to buy any smart device, this central hub works with your existing appliances and electronic fittings.

Robotics

- Moping robots
- Serving Robot

Robots are habitually undramatic emotionless devices programmed to carry out specific repetitive tasks. They are used daily to perform many functions that community don't want to do as such trades are boring, dirty or dangerous.

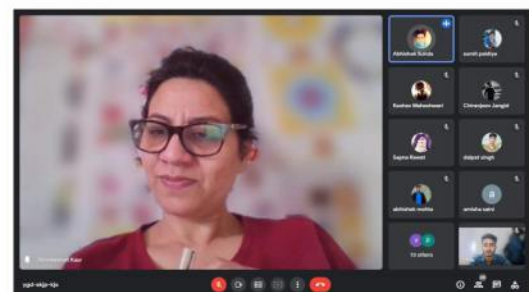

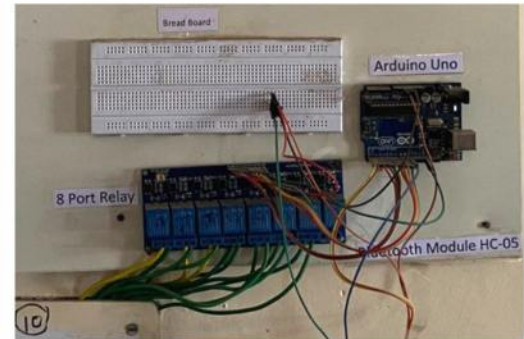

Our students prepared such two machines to perform different tasks one of mops your house for you and another can serve anything for you like your servant. We successfully experiment these robots in hospitals also for serving covid 19 patients under quarantine.

The USP of these robots is cost. The technology our students implemented in it makes product very cost effective and affordable.

Events Organized by BITDrone

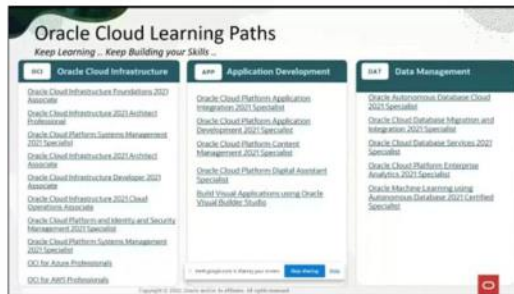

Cybersecurity workshop by Microsoft Philanthropist

A free Training program was conducted by BITDrone Club organized via Microsoft on Data Protection & Cyber Security from 06th February, 2023 to 23rd February 2023. The training was organized for the students of IT to make them aware about Cyber Attacks and the ways to prevent these attacks through Cyber Security Practices.

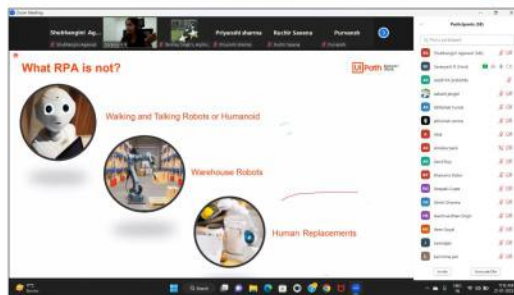

Salesforce Workshop by Honeywell & ICT Academy

In order to keep up with the recent trends BITDrone club organized a free Training program sponsored by Honeywell & ICT Academy on Salesforce Technology for Platform Developer (PD1) from 21st February, 2023 to 11th March 2023. The training was especially organized for the female students to encourage their learning and placement in Salesforce dedicated companies. The program provided in depth knowledge and hands on experience on Cloud CRM through Salesforce Platform under Women Empowerment Initiative by ICT.

Oracle Tech Day

A one-day Seminar was organized by Oracle on the occasion of Oracle Tech Day for the students of Department of IT and BITDrone Club. The Oracle solution Engineers explained the cloud infrastructure offered by Oracle and the required skills for corresponding career opportunities.

Robotics Workshop by UiPath

A free online workshop was organized by UiPath and conducted by BITDrone club on Robotics Process Automation and IoT on 21st January, 2023. The students of IT Department learnt about the working of robotics process automation, its significance in future, applications and the importance of IOT for the technocrats.

Machine Learning

Seeing the increase in the domain of Machine Learning and Artificial Intelligence, BITDrone Club arranges a 1-day Seminar. It was conducted for the students of Department of IT by Mr. Ravindra Kumar Soni on Machine Learning and Deep learning. He briefed the students about the different types of learning and applications of Machine Learning in real world.

Nation Building Attitude and Behaviour

5 days Webinar conducted under BOSCH CSR Industry Academia Collaboration Initiative Training on Nation Building Attitude and Behaviour. Session was taken by Ms. Simranpreet Kaur, Senior Analyst, BOSCH.

Exhibition Visit

Club arrange a visit for students to exhibition organize by Government of Rajasthan displaying all the policies, projects and technologies running and developing under the umbrella of Government. Students interact with Paralympian Ms. Avni Lakhera. She shares her journey and motivate students with her life experiences.

Social Media Platform & Blogging

There has been an online business boom over the past few years. The web is plastered with stories of average Joes making millions from their blogs. Webinar explain changing roles of social media. Presenter explains what is blogging how you become a blogger. What are things which we must know before and after starting a blog and how to market blog on social media. How can we earn through blogging.

TECHNO TRACK

Technotrack, the annual tech-Fest...

Technotrack, is the annual technology festival of the Poddar International College. Event created with the objective of providing a platform for the student community to innovate and showcase their technical expertise, encouraging scientific thinking, technology and innovation between students, a two-day event on the campus of Poddar International College, Jaipur enticing individuals from all walks of life including students, professionals, academician.

Year after year, Techfest explores the various aspects of science and technology and the profound impacts they have on our lives. Technotrack has continuously evolved, grown, and pushed the boundaries of what a technical fest can be. With something for everyone, event is the ideal Platform for all techies: young or old, student or professional, beginner or expert, to witness, learn and experience the sensations of Innovations and technology.

EUPHORIA

National Level Intercollegiate Fest...

When the world was affected by covid, lockdown and all its effects, especially students Poddar Group of Institutions came up with a national event called Euphoria- a synonym for happiness, a virtual fest for all the students all over the world to come together despite being safe at home. Students participated with all the zeal and smiles from ear to ear.

The extra bonanza where 500+ participants from the whole nation participated in events like; E-quiz, Debate, Instrumental Musical, and Comedy ke Janbaaz. Sitting Dance, RAP, and Face Painting.

The zeal, enthusiasm, and enjoyment were to the fullest, where students enjoyed the whole event at their home with the comfort of click over the internet.

DEQ

Debate, Extempore and Quiz

The quintessential of a mind is literary, as it is said Average minds discuss events. Small minds discuss people, Great minds discuss ideas.

Literary and Management Club organized DEQ Debate, Extempore and Quiz. All three events to test students on their intellectuals, thoughts, ideas, oratory skills, spontaneity, and knowledge. This bilingual platform encouraged every student to not only showcase their existing skill but also to learn from others, and the competition winners won a lot of prizes.

Spandan

Alumni Meet & Degree Distribution Ceremony.
Memory Lane... .. Back & Forth

The spandan club is responsible for strengthening a life-long relationship between the Institute and its alumni. The Club works to maintain a strong alumni association & connection which is essential to create a platform where all the alumnus as well as present students can get information & happenings about their college & establish a better network leading to the growth and development of our institute. Every year an Alumini meet and degree distribution ceremony "Spandan" is organized where the alumni interact with the management, current students and take part in various activities and contribute in development of its alma mater.

TRAINING & PLACEMENT

Our motto- Dream, Create and Achieve

Overview:

The Training & Placement Cell plays a crucial role in locating job opportunities for students; it has to develop students as per the need of today as well as it needs to have a strong network with reputed MNC's & Industries . we believe that a blend of Industry-Academia interface, leadership activities, experiential learning, wide range of student-run activities, participative activities in the conclaves, Idea generation activities, collaborative activities with industries, Entrepreneurial learning through Incubation center adds value to the students learning and finally the outcome in the form of placements.

Poddar Group of Institutions vows to bridge that gap as it develops students as competent personalities in themselves so that they are not only able to get good jobs but also adjust in the competitive world & get excellent growth in their careers. The placement cell operates round the study span since day one to facilitate student competence by developing an interface between Industries and students, and even making them learn through another culture by Global Immersion programs and signing MOUs with International Universities of repute.

Training & Placement Cell conducts various activities focusing on enhancing student employability through their personality development by making them confident and responsible person with positive attitude, good communication skills and right decision-making skills. They include:

Placements in Govt. Sector

The College also prepare the students interested in appearing for the Government jobs. They are made to prepare for the Written exams based on Mathematical, Reasoning, English proficiency, followed by Group discussion and Interview preparations.

Placement Activities:

- Personality Development
- Communication Skills & Vocabulary
- Group Discussion
- Interview Skills, mock interviews, Pre-placement training
- Aptitude Training & Practice Tests
- Inviting Alumni and senior corporate officials to share their experiences.

RESEARCH & DEVELOPMENT CELL

3 'R' POLICY FRAMEWORK (REDISCOVER, REDEFINE AND REINFORCE)

Welcome to the Research & Development Cell of Poddar International College! We take immense pride in our commitment to innovation, exploration, and pushing the boundaries of knowledge. Our Research & Development Cell is dedicated to fostering a culture of intellectual curiosity, scientific inquiry, and technological advancement among our students and faculty. At Poddar Group of Institutions, we firmly believe that research and development are the cornerstones of progress and societal growth. Our R&D Cell serves as a hub for cutting-edge research, interdisciplinary collaborations, and the development of innovative solutions to address the complex challenges of the modern world.

The primary objective of our Research & Development Cell is to promote a research-driven ecosystem that nurtures a passion for inquiry and exploration.

We also encourage collaborative research endeavors, both within our institution and with external partners. Our R&D Cell actively seeks collaborations with industry, government organizations, and other academic institutions to foster interdisciplinary research and facilitate technology transfer. These collaborations provide our students and faculty with opportunities to work on real-world problems, contribute to innovation, and make a meaningful impact on society.

Furthermore, our Research & Development Cell organizes research conferences, symposiums, and seminars, where students and faculty can present their research findings, exchange ideas. These events provide a vibrant platform for intellectual discourse, knowledge dissemination, and networking, fostering a culture of academic excellence and innovation. Through the Research & Development Cell, we aim to inspire a generation of researchers and innovators who are equipped with the skills, knowledge, and passion to make ground breaking contributions to their fields. We believe that research is not only a pursuit of new knowledge but also a catalyst for social and economic development.

Join us at Poddar International College's Research & Development Cell and embark on an exhilarating journey of discovery, innovation, and intellectual growth. Together, let's push the boundaries of knowledge, unlock new possibilities, and create a brighter future for our society and the world at large.

Preceding academic sessions for poddarites has been stupendous with great achievements having more than 90 research publications out of which 48 publications are International, more than 30 plus Book and book chapters, 12 copyrights and 14 national patents Published, 7 international patents Awarded and 10 Design Patents awarded. Along with this 10 Innovative ideas have been converted into the product under supervision of faculty members.

SCI-INVENTIA

ENTREPRENEURSHIP CELL (Poddarpreneurs Club)

We are committed to create, foster, and promote the spirit of entrepreneurship and startups among the talented young minds of our institute and our nation.

Our primary objective is to provide a nurturing ecosystem and cultivate an environment that encourages creative thinking, problem-solving, and risk-taking, essential qualities for any aspiring entrepreneur. One of our core activities is organizing workshops, seminars, and guest lectures by successful entrepreneurs and industry experts who share their insights, experiences, and best practices. Our Entrepreneurship Cell also conducts business plan competitions, hackathons, and innovation challenges to provide a platform for students to showcase their innovative ideas and receive constructive feedback.

In addition to organizing events, we actively collaborate with local startup incubators, industry associations, and venture capitalists to facilitate internships, mentorship programs, and funding opportunities for our students. We welcome you to join us on this exciting journey of innovation, growth, and success. Together, let's unlock the potential within ourselves and make a lasting impact on the entrepreneurial landscape of our nation.

To uplift entrepreneurship/start-ups, we are also privileged to have a dedicated body named as Society for Sustainable Eco-friendly Solutions under which we are running Biotechnology Business Incubator (BBI) supported by Department of Science and Technology, Government of Rajasthan.

BIOTECHNOLOGY BUSINESS INCUBATOR (BBI) SMARTER SOLUTIONS TO CLEANER PRACTICES

Concept

Poddar International College, Jaipur established Biotechnology Incubation Centre (F15(12) DST/EDP-SDP/Part I/6032 dated 27.03.2018) sponsored by Department of Science and Technology under the aegis of Society for Sustainable Eco-friendly Solutions. The centre was formed with an objective of encouraging young and budding entrepreneurs with their start-up ideas. During incubation, students are exposed to workshops, field site to gain knowledge about current situation for the formulation of new business idea to tackle with prevailing conditions. Therefore, idea conceiving and its validation, to develop prototype of the product is the goal of incubation centre.

Biotechnology Based Start-ups

Solid waste management is the burning issue, addressing of which remains an uphill task. We, in this concept are proposing an eco-friendly technology amalgamating every aspect of society leading to waste disposal which further is expected to culminate into employability generation and new product development. It is envisaged that role of policy makers, industrialists, NGO's would be substantial in capacity building leading to commercialization of technological up front.

Incubate have also registered their start-ups company under the Ministry of Corporate Affairs, Government of India for the commercialization of their products.

Name of Enterprise: Ecobizz technovations llp • **Product:** Use of natural dyes on Bagru print

Name of the Enterprise: SANGWAN ENTERPRISES • **Company Proprietor:** Ms. Rama • **Product:** Herbal Hand Sanitizer

Samarpan Club (NSS Activities)

'Not me but You'. We incorporate values in the next generation who shoulder the responsibility to give back to the society which nurture them from the seed to a full grown plant with love, care and support. The NSS Cell with Academicians, social activists and student volunteers of the college works on social activities like

- Seminar on Health Awareness and Future Generation
- Anti Tobacco Day (OATH)
- Mental Health Day
- Seminar on Swachhata, Jal Shakti and Sustainable Practices

Women Cell

There are two ethereal superpowers, first is God- the creator and other is women, again- the creator. In this era of women empowerment, Poddar contributes by conducting various awareness programs like Women Safety, sSelf Defense, hygiene to safeguard the interest of women employees and students.

The Institute also confers “Prerna Awards” every year to recognize & felicitate women giving their outstanding contributing in the field of education, Medical & Health Care, Business, Science & Innovation, Social service, Government service etc.

Data Analytics workshop

This workshop was conducted under this cell in collaboration with Marrico, aiming to provide insights of Data analysis, exclusively for girl students. They learnt analytics tools & techniques, SQL databases working, R and Python, data visualization, and applying statistics & predictive analytics in a business environment.

'PEDAL FOR A CAUSE' - CYCLOTHON

With a motto of “Women Empowerment”, a Cycling ride was organized by the cell to wish a very Happy Women’s Day to all incredible women. The idea was to promote a healthy lifestyle along with an agenda to promote “Beti Bachao Beti Padhao” drive. The participants warmed up with a Zumba session followed by a ride of 5 km. The participants were rewarded with a medal.

NATIONAL & INTERNATIONAL LINKAGES & MEMBERSHIP

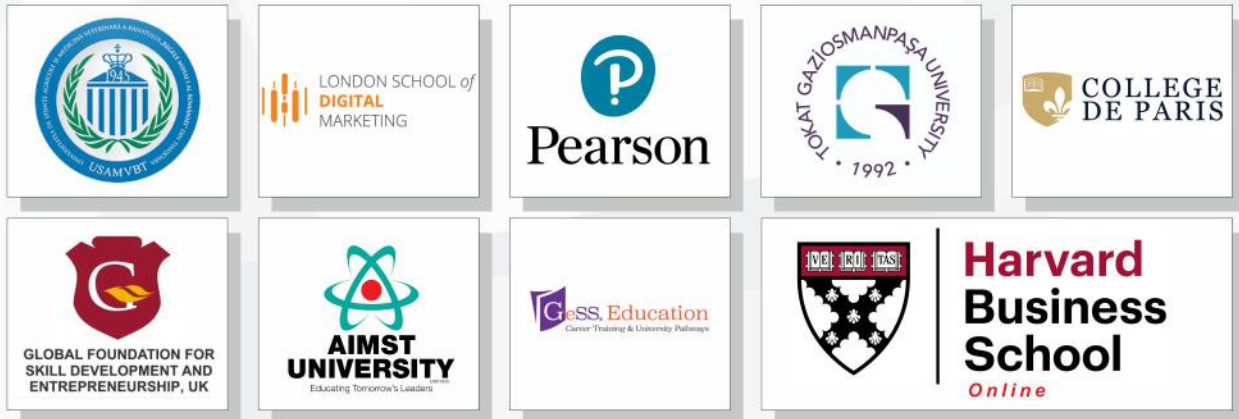

National Linkages & Membership

We strongly believe in making our students industry ready. With so much of competition around, it is extremely important that the students are able to align their degree with the industry requirement. It is of utmost importance that the students equip themselves with skill sets that give a value-add to their qualification and hence make them competent in the workplace. We are focusing on the Industry-Academia interaction to make our student's skill sets industry relevant. We constantly invite industry and MNC's to our campus for interacting with our students and share their experiences and industry knowledge with them, which help in molding the students, giving them a focus, and offer them a sneak peek into high-tech corporate corridors and practical lessons in managerial skills. At Poddar Group of Institute we look at it through an inclusive approach where we have made industrial training, internships as part of our curriculum for the students to gain experience, develop skills, make connections, strengthen their resumes and assess their interests and abilities.

International Linkages & Membership

International linkages play an important role in internationalizing the campus and are designed to provide an opportunity to Poddar Group of Institute's students to get a global exposure as well as facilitate foreign students to get exposure of our country. These linkages & memberships enable students to understand each other's culture & practices. The International linkages are greatly valued by faculty and students alike and are built on strong and enduring relationship that allows partner institute to share and learn from each other. Poddar International college has linkages with a number of globally renowned business Institutes and other international bodies:

GOLDEN WORDS FROM STAR STUDENTS

Poddar International College provides the finest quality of skill set. Learning from this college not only enhanced my hard skills but also soft skills. Faculty of this college guided me towards each and every point of my career path. I'm proud to be a part of this college.

AYUSH DIXIT

PODDAR international college is a synonym of land of opportunities. The college provide number of challenging activities and events to students that bring out the best version of oneself and also creating amazing memories. PIC deals not only in academic but also in strengthening the student physical, mentally and spiritually. I'm thankful to the college, to all the faculty members who played a great mentorship role for giving me best environment for my all over development.

DURGESH SONI

Poddar International College, believes in quality education. The college provides great exposure to students by different activities which have proved to be helpful to every student. They not only focus on curriculum but also enhance our innate wisdom. The institute always prioritises the overall development of students.

KARISHMA JAIN

Poddar international college focuses on quality education. The teaching faculty is excellent. They cover whole syllabus and takes care of each and every topic. College provides full support for any kind of assistance. They helped to improve my overall growth with and technical knowledge. The environment of the college is very friendly and cooperative.

JHILMIT SHARMA

5 years of study at Poddar International College were undoubtedly the best years of my life. PIC is a place of learning, fun, culture, lore and many such life preaching activities. It polishes your academic career. Opportunities in college gave me strength to become more independent and take a new challenges in life. Faculties are also very supportive and cooperative. I am thankful to all my teachers for supporting me and helping me with my learnings and shaping my career. It also organizes extracurricular activities to gain real world experience.

AANCHAL PRADHAN
M.Sc Physics Final

The MBA programme at Poddar College offers highly challenging but equally stimulating environment for me to help change my career direction away from engineering. Thanks to the excellent faculty, my very first encounter with Business Management courses invoked in me excitement and fascination for the field to a great extent. I am happy to have a lot of new friends from there and other parts of the country. No doubt that the two years spent here were some of the best in my life.

BHANU PRATAP SINGH BHARTI
Senior Product Manager-Technical | CSPO, Master Card

Attending Poddar International College has been an exhilarating experience, largely due to the wide range of events and activities that the college organizes. Throughout my time here, I have been thoroughly impressed by the vibrant campus life and the numerous opportunities for personal and intellectual growth.

CHETAN ANAND JAGNDI

I am really thankful to Poddar International College for giving me an opportunity to explore myself and enhance my skillset to be an asset that market needs. Learned a lot of things, gained a lot of experience and had the most wonderful time in the college. Looking forward for more meetups in the college to relive the memories. Thank you, Poddar Group of Institutions for everything they did!

JAIDEEP DASWANI

My experience at Poddar International College has been very wonderful till now. I have learned a lot in a very short span of time, not just academically but in every aspect of career development. The vast opportunities and the competitive environment have always helped to bring out the best in me. Poddar International college helped the students by providing numerous learning platforms like Coursera, Google, LinkedIn, conducting seminars and many more. With the support of faculty members, I was able to achieve my career goals.

DEEPAK YOGI

As I have experienced in this college, faculties are supportive and approachable. Academically, they have very solid and good level with a comfortable atmosphere. At Poddar we got wings to our education. Overall, proud to be the part of this college.

ARADHANA SINGH, M.Sc. Final Maths

Poddar International college is having good faculties and the infrastructure is very good. I have preferred this college over other because it has very good placement opportunities. I like the faculty and I feel I had the best environment for my studies. I learned many new things from my teachers who were very helpful in every way they could.

MEERA, M.Sc Physics

Poddar International College has played a major role in my self-development. It helped me in developing a wide range of skill set. The faculty here is very helpful, they guide each and every student in a very gentle and understanding way. The college also arranges a lot of different activities by which the students can know their capabilities which in return helps in gaining confidence.

DEVYANI KUMAR

As I have experience in this college, faculties are supportive and approachable. Academically PIC have very good level with a comfortable atmosphere. The teachers here have a polite nature and they were very helpful in all terms. The college assists the students in achieving their goal by providing all facilities. Whenever I required assistance for my overall development and improvement of my technical knowledge college, the teachers always lend a helping hand. I will always be grateful to join this college.

JAGRITI GUPTA

Poddar International College is the place where equal emphasis is given to academics, sports, and campus placements. Our professors are experienced and knowledgeable in their domains. My experience here has been amazing and memorable. The placement team helped me a lot during the placement drive. The teachers were helpful and responded to me all my queries. I am grateful for my experience here.

YASHVEER SINGH TOMAR

My journey at poddar international college has been amazing. All the knowledge or training i received during my course (M.Sc.) has been very helpful. I am very grateful to this prestigious college for giving me an opportunity to become a successful professional educator

ANKIT CHOUHAN, BBA
Chemistry Faculty, Allen, Kota

My experience at Poddar international college is incredible and amazing. It was great achievement for me. I learned a lot off knowledge from my faculty teachers. The College provide great exposure to students by organizing different activities Which are much helpful for every student for deciding their future.

AJAY KUMAR, M.Sc Physics

Being a part of Poddar International College was one of the righteous thing which I did. I have learned a lot under the guidance of our respected faculties here, they provided me the right guidance and showed me the right path to walk upon. The way of collaborating the academics with the practical knowledge and this has been the key aspect of the institution. The institution focuses and works upon the overall development of the students by providing them the chance to present at national and international conferences also, the personality development sessions, interactive sessions with some of the eminent personalities, these all are the things which helped me during my journey of learning and helped me to discover my potential and capabilities. I feel elated and proud to be the part of this institution.

KHUSHBOO GAUTAM, M.Sc Zoology

Poddar International College has been an incredible avenue for my academic journey. I am grateful for the continuous motivation and support I have received from the faculty. Their guidance has been instrumental in my academic achievements, as well as in

nurturing my research interests. Poddar International College has provided numerous opportunities for personal development. Through various activities and events, I have been able to enhance my soft skills, such as communication, leadership, and teamwork. My experience has been nothing short of exceptional. I am proud to be a student of this esteemed institution and will carry the knowledge and skills I have gained here throughout my academic session. I am confident that the education and experiences I have received at Poddar International College have prepared me well for the challenges and opportunities that lie ahead in the field of zoology.

PRAGYA, M.Sc Zoology

Here at Poddar college regular workshops is a keen part of their weekly schedule, where students get in insight of the corporate world on regular basis to develop a familiar understanding of the work environment. These workshops address the prevalent challenges and difficulties of the subject and also welcome the views of the audience on tackling the problems which creates a new perception on how to handle the existing problem.

Soft skill training is also a major portion of the students program where the students are encouraged to practice and polish their communication skills in activities like debates, public speaking and group discussion. I am delighted to learn entrepreneurial skills and teachers helped me a lot to start my own business.

HEMANT SEKHANI

Entrepreneur | Founder - Tropo : Vehicle Life Simplified | Freedom Cars | Shortlisted: SharkTank India S2

I feel very proud being a part of Poddar family. Being in college I got experienced learning from expert lecturers where I was given exposures to industrial visit which help me gain better experience and a better understanding of the corporate world which also increased my network with the companies and helped me grab more opportunities with the companies. Over the course of my period we were given opportunities to interact and visit many industrial tycoons which in result helped us to decisions for our future self.

MILIND SHANDILYA

Hiring Solution Architect, VMware, Bangalore

I Ritu, feel extremely privileged after getting the opportunity as the main coordinator in events held during lockdown where everyone felt hopeless or tired in this situation. Our college provides us good opportunities to enhance knowledge and flourishes student's growth.

Thank you for organizing amazing events. This is how we, as management students learn about management and teamwork which is a necessity for us!

RITU BHALA, Student Support Admission Officer
Aakash Institute, Jaipur

What I was, now what I am... all credit goes to my teachers who have helped me for developing my personality. I would like to thanks to this college and Teachers ...who gave me opportunities to build my career.

SAKSHI SINGH, MBA

Customer Relationship Officer, Axis Bank

I am grateful to poddar group of institution for providing me with the best opportunities. This college has provided me with a lot of practical exposures which has helped me to gain both confidence an knowledge in the corporate field .These experiences

have come with me all the way through my corporate journey.

These experience have always given me an edge on others in the corporate field, boosting my confidence and command . I have secured a positive career through the right guidance and experience.

JUNY JAIN, Tax Associate, KPMG, Bengaluru

My experience with PMTC was wonderful. 2 years of journey here changed my overall personality. I learned many things here. Glad to be the part of this organization. These two years are the most memorable days of my life.

Thank you.

SURBHI SHARMA, Sr. Talent Acquisition.Sr. Talent Acquisition Uplers

A new college a new environment; but did not feel like a stranger even for a day. Poddar gave me all the warmth I could ask for; good teachers, good friends and a place where I could grow and prove myself, a new learning every day and this really helped in bringing

the best out of me.

SUMIT SHARMA, Territory Sales Manager, IndusInd Bank, Jaipur

I enjoyed and learned the most from student clubs as Poddar has more than 10 clubs and we could participate and organized various event and activities under that Club. Clubs like Literary and Management Club, International Connect Club, Training and Placement Club, Poddarpreneur Club, and Creative Club, Etc. have been instrumental in shaping our MBA experience and preparing us for success in the professional world.

These student clubs at Poddar Group of Institutions are not just extracurricular activities; they are transformative platforms that have enriched our overall learning experience. They have nurtured our professional development, ignited our entrepreneurial spirit, and provided us with a well-rounded education.

Poddar Group of Institutions' commitment to fostering a holistic learning environment is evident through the diverse student clubs they offer. We are grateful for the support and opportunities provided by these clubs, which have been instrumental in our personal growth and will undoubtedly shape our future success."

JAGDISH SAINI,

Team Developer, Bank of America, Gurugram

It was a wonderful journey with PMTC. The time when the journey began, I had high hopes and dreams. The first day at college made me realize that this college is a place, which will, helps me to be groomed and developed in all walks of life. The faculty of the college is

highly experienced and motivating. The students had high enthusiasm to grasp everything, which is being taught. The interactive sessions help us to develop strong communication skills. The different platforms provided by the college help the young, bright minds to showcase their talents and to develop leadership skills among us. I always feel proud to be a part of Poddar.

POOJAYADAV, MBA

Assistant Manager- HR, A3 Logics

The value of mentorship extends beyond the workplace. The excellent mentorship programs in Poddar Management and Technical Campus has provided me with many benefits to me at both in and out of the organization. The great and

experienced mentors here provide you with great experiential learning, networking and with an unique perception for your field. Through the guidance of my mentors, I have developed many habits like to emphasize on skill development and to set my goals, to endure leadership skills, networking and gaining new and diverse perception.

UMANG MATHUR

Team Manager | Barclays, New Delhi, Founder Truport

The Professional Training Program (PTP) at Poddar Group of Institutions has been a game-changer for me, it has provided us with an unparalleled opportunity to bridge the gap between classroom learning and real-world business

challenges.

We went to FIIB Delhi, and ITM Navi Mumbai and got training from the top professionals for the whole week.

The PTP has equipped us with the essential skills, knowledge, and practical exposure necessary to excel in today's dynamic corporate landscape. Through a well-structured curriculum and hands-on training, we have gained invaluable insights into various industries, honed our problem-solving abilities, and developed a strategic mind-set.

The faculty members at Poddar Group of Institutions have been instrumental in our PTP experience. Their expertise, guidance, and mentorship have been exceptional, ensuring that we are well-prepared to tackle the challenges of the business world.

RIYA SAINI, ML Data Associate, Amazon

The practical training in data analytics and the one-week workshop at IIT Kharagpur have been pivotal experiences in my MBA journey at Poddar Group of Institutions. In today's data-driven world, the ability to harness insights from vast amounts of

information is a crucial skill for business leaders. We started with training workshops of basic excel then advanced excel then data analytics. The practical training in data analytics has provided us with hands-on experience in utilizing various analytical tools and techniques like SPSS, Tableau, R.

The one-week workshop from IIT Kharagpur was a truly immersive and enriching experience. Under the guidance of expert faculty members, we have learned to collect, analyse, and interpret data to drive informed decision-making. This training has given us a competitive edge and the confidence to tackle complex business challenges head-on.

I'm immensely grateful to Poddar Group of Institutions for facilitating this unique opportunity to learn from the best in the field. The combination of practical training and the exposure from IIT Kharagpur has equipped us with the skills and insights to leverage data analytics for strategic decision-making.

AMAN SHARMA, Assistant Manager at ICICI Bank

"If you set your goals ridiculously high and it's a failure, you will fail above everyone else's success."

I started my career plans when I initially joined MBA and was not sure which direction to move ahead with, Poddar has provided me with best of the mentors and faculty members to guide me for my career and have also provided many career opportunities. I'm proud to be a part of the University that helped me shape my abilities into my strengths.

RULES & REGULATIONS

PODDAR SCHOLARSHIP SCHEME

Poddar Group of Institutions has always moved forward with the basic objective of achieving excellence in education and motivating deserving, meritorious and bright students through providing them with appropriate educational scholarships.

The Institutional Scholarship scheme is as below:

A. Merit Based Scholarship:

XII Percentage	Scholarship
60-70%	5%
71-80%	10%
81-90%	15%
91% & above	20%

B. Scholarship to Class Toppers:

Scholarships are granted to the class toppers every year in each course as per college policy.

C. **BPL Card Holders** are given a 10% scholarship for all three years.

D. **State Level Sports Achievers** will be given 5% scholarship for I year and National Level Sports Achievers will be given 10% Scholarship for I year. This scholarship is continued in further years only if they earn sports achievements in further years too.

E. **Siblings** of our past/ existing students will be given 10% scholarship in the I Year of tuition fee.

CONDITIONS FOR INSTITUTIONAL SCHOLARSHIP

- The merit based scholarship is applicable only on graduation courses & on XII merit base for the I year only. In II year, scholarship will be on the basis of I year marks & in III year on the basis of II year marks percentage secured.
- Along with falling in the above percentage slabs; regularity, attendance percentage & discipline will be taken into consideration for grant of scholarship. If a student is involved in any in-disciplinary act, the scholarship will be lapsed.
- In case of qualifying under various institutional scholarships categories, students will be entitled to only one category as per his/her choice.

GOVERNMENT SCHOLARSHIPS

All eligible students can apply for government scholarships as per the government policies.

Scholarships to SC / ST / OBC - BPL / meritorious students are granted by Social Justice and Empowerment Department / other schemes on yearly basis as per Government Policies.

FEES POLICIES

College fees can be paid in lump sum and in installments too. In case of one-time deposition, some fee relaxation is given as per the norms. Installments are payable as per the payment schedule given at the time of admission. Late fine is applicable on late deposition.

FEES REFUND POLICIES

All Institutions under Poddar Group of Institutions follow UGC guidelines for the fee refund after admission cancellation.

ATTENDANCE

All the students should have a minimum 75 % attendance as per the University Regulation without which they may not be allowed to appear at the University Examination.

DISCIPLINE

- Use of mobile phones in the campus is strictly prohibited.

frequent violations may lead to confiscation

- Early departures from the campus are not allowed without permission.
- If there is any loss / damage done by the student to the College Infrastructure, Hostel, Library, Computer or equivalents due to carelessness, the concerned candidate will have to pay a penalty for the damages.

UNIFORM

Students shall be allowed in the college in prescribed uniform / dress code only.

RAGGING

Ragging is strictly prohibited in and outside the college campus. As per the Supreme Court and UGC Act 1956 on ragging, any student found to be involved in ragging shall be liable for the following disciplinary action.

- The college shall have the right to cancel the admission or to rusticate.
- FIR maybe lodged against the culprit
- There may be a lifetime ban on the admission of the student.
- An affidavit to this effect shall be submitted by the student at the time of admission.

ADMISSION RULES

1. As per college education guidelines, college holds the right to reject admission of student in following cases:

- If the fee is not deposited on or within the given date or time.
- If any student has given any wrong information in the form or incomplete registration form is submitted.
- If the candidate does not possess the required qualification as per the University Rules.
- If any student is accused for any misconduct in the past / punished for using unfair means in any past examination / accused for violence or misconduct or any case pending in the court.
- If students use foul language for any faculty / staff members.

2. All admissions will be provisional till all required documents are submitted, and eligibility is approved by the University. The college shall not be responsible in case the admission is rejected due to whatever reasons by the concerned University.

3. Admission to PGI is the right of college management. PGI may refuse admission to any student if seats / subjects are not available.

All disputes are subject to Jaipur Jurisdiction only
