

## OUR MISSION

*“To Succeed in Your Mission, You Must Have a Single Minded Devotion to Your Goal.”*

*– Dr. Abdul Kalam*

The goal of our revered institution stands on the pillars of quality teaching and learning, deprived of which, the progress and development of any child is fractional. Through the medium of research and outreach plans, rendezvous of the pupils with many renowned people across different fields, the institution aims to create, convey, and apply the available knowledge to expand the personal growth of the students. Another important aspect which the institute refuges is the advancement in the social and community development which would, in turn, lead to an improved quality of life.

Paying heed to the leading scenario which points towards increased level of competitiveness in the modern world, our institution provides a holistic environment to the students for their overall development.

## OUR VISION

*To foster learning and achieve excellent standards of quality education keeping in pace with rapidly changing technologies and best practices.*

## *Chairman's Message*

### *Design Your Dreams beyond Boundaries*

We at Poddar International College will enable you to give limitless manifestation and demonstration to your flying emotions of design and inspire you all to create master-piece that purely showcase your individuality, identity and persona. If design and creativity is in your blood then we are delighted to welcome you in the world of Fashion and Interior Designing. As trends are changing with a rapid pace, design is emerging as one of the most rewarding careers that creative and artistic aspirants can ever think of. The only thing you should keep into consideration is your originality and incredibility giving wings to your dreams. Our interior and fashion design pedagogy includes a blend of hands-on workshops, cutting-edge technology, and industry partnerships to provide students with comprehensive skills and real-world experience. Remember students, you need to have the three P's, which are passion, persistence, patience, and then no force in this universe can stop you from chasing your aspirations. Poddar Group of Institutions is not only a name; it is our vision that has built its unique and exclusive identity with the advent of time. An educational institution that is regarded not only for its courses, but also for its incredible culture that cultivates every budding designer with his/her own fascination and magnetism to ensure that all our students emerge with flying colors in their respective areas of specialization and grow on personal, professional, intellectual and ethical fronts. One thing we can assure you at Poddar is our exquisite level of education with personality development and grooming that will add exceptional dimensions to your sparkling career as a Designer.

## Vice-Chairperson Message

### Creating a New Generation of Designers

Greetings to dear parents, students and well-wishers of Poddar Group of Institutions. First of all, I would like to express my deep sentiments of gratitude to every one of you for your incessant support, love and concern towards our institute which encourages us to strive hard to carry forward our main motto "Education with a Purpose to Shape a Better Future". Considering that Education is not an act of acquiring knowledge but learning to lead life happily and grooming an individual's personality. We strongly believe in exploring the hidden talents of the students and try to channelize every individual's potential in the best possible manner. From academics to extra-curricular activities, determination and do or die spirit are embedded in design students not only to make them achieve academic objectives but also turning them into worthy and professional. Further, in current changing scenario, a 360 degree development and upgradation is the need of the hour and through our various campuses we are creating an ecosystem for entrepreneurs, various design professionals imbibing requisite skills in the series of functional disciplines. We are partners in learning with our design students and seek to deepen their knowledge, provide enriching and innovative learning experiences, while also collaborating with industries and international institutes proving international visits to give our budding designers global exposure and learning atmosphere to come out of their comfort zone with, out of the box thinking approach. With this note, we welcome you all to enriching world of excellence, competency, integral learning, innovation driven aptitude, technical mentoring in the world of Design and above all an insightful personality development. Wishing you all the best in all your upcoming endeavors. REMEMBER THAT YOU ARE THE LEADERS OF TOMORROW.
