About **PODDAR** Group of Institutions...

Poddar Group of Institutions, a synonym of vibrancy, dynamism, and enriched positivity began with its journey way back in 1998 under the thought-provoking vision of Dr. Anand Poddar.

The Group's member institutions are world-class and research-intensive. They are unique institutions, each with its own history and ethos, but they share some distinguishing characteristics.

Our institutions believe people and ideas are the keys to meeting global challenges.

Through world-class research and education, they are helping to create a dynamic economy, stronger communities, and a better future for India. They maintain the very best research, an outstanding teaching and learning experience, and unrivaled links with local and national businesses and the public sector.

The journey of a thousand miles begins with a single step. But it involves deliberation and much hesitation. The magnificent journey of the Poddar Group of Institutions however began in 1998 with a surge of enthusiasm that, in itself, makes a poignant tale. It is an inspiring tale and in the words of the founder of Poddar Group, Dr. Anand Poddar, it says: - "In spite of being from a business class family, I was working as a trainer because to strengthen the Youth was always in the back of my mind. Even in the 5th decade of India's independence young graduates were struggling to even get a job. Specialization in every sector

was being introduced in India I figured out that the lack of significant and innovative programs was the reason. My heart cried out to see that the Youth with so much potential aren't getting what they deserved.

That was a golden instance where Poddar group was formed with an aim to foster learning and achieve excellent standards of quality education keeping in pace with rapidly changing technologies and best practices." Thus, the institution was founded to bridge the gap by emphasizing value-based programs to make students corporate-ready and train them for even startups.

The group has been envisioned to impart Purposeful education initiating from the preliminary school education, various UG and PG programs to high-end research programs (Ph.D., Incubate Technical Support Programs) thereby catering to both industry-specific and employability options encompassing multiple facets of divergent disciplines. The group colleges focus on the Best Innovative Academic practices reinforced with student mentoring, learning, and support activities through various Clubs and cells. Our Alumni are carrying the rich values and virtues imbibed making us proud by scaling newer heights in different facets of our careers.

With this note, we welcome you all to an enriching world of excellence, competency, integral learning, innovation-driven aptitude, technical mentoring, and above all insightful personality development.

VISION

Poddar Business School brings together human capital, cultures and ideas to nurture responsible leaders who transform enterprises and society.

MISSION

To be recognised as an inclusive, progressive and connected community for thought leadership on the global enterprise stage.

Every great dream begins with a dream. Always remember, you have within you the strength, the patience, and the passion to reach for the stars to RE-INVENT YOURSELF and the world. The joy of life comes from our encounters with new experiences. There is no greater joy than to have an endlessly changing horizon, FOR EACH DAY TO HAVE A NEW AND DIFFERENT SUN. Always remember... Everything started as nothing! RISE-SHINE-INSPIRE

Dr. Anand Poddar
Founder & Chairman

It's different here!

We at Poddar Business School strive at nurturing global leaders who create value for the society, and practice creating value before claiming value.

What makes Poddar Business School leaders stand out is their ability to lean into uncertainty and thrive, to collaborate across differing opinions, to look at a problem from a different perspective and to see the unseen opportunity.

It is this unique blend of creative, participative, collaborative, analytical and social intelligence that sets one apart as more than a PGDM graduate, but a Poddar Business School leader.

Start your journey with us...

We see a world in which the increased diffusion of technology, business, the global development of human capital, and the resultant interdependence of market, political, social, and cultural systems have changed the nature of economic, managerial, and policy problems. We believe our ability to mobilize analytic models, empirical analysis, business simulations, and technological sophistication to address these changes is unique.

ABOUT PODDAR BUSINESS SCHOOL

Poddar Group of Institutions, continuing its legacy in Management Education has brought a next gen campus @ Poddar Business School introducing PGDM program with an objective to nurture and prepare a diverse group of young aspiring corporate leaders with the knowledge, analytical ability, and management perspectives and skills needed to provide leadership to organizations competing in a world increasingly characterized by diversity in the workforce, rapid technological change, and a fiercely competitive global marketplace. The program is designed to prepare students for careers in management and leadership in both the private and public sectors. Students acquire a comprehensive foundation in the fundamentals of business, the global environment in which they will function, and the analytical tools for intelligent decision-making.

ABOUT PGDM

Develop your personal leadership capacities within Poddar Institute's distinctive blend of leadership coursework, coaching, experiential learning, and wide range of student run activities. Our mission is to develop leaders who act with a deeper understanding of themselves, their organizations, and their communities, and contribute positively to the growth of each. The Leadership Program at Poddar Institute offers one of the largest set of options to develop your leadership style by analyzing and building on your strengths. Supporting leadership development, Poddar Institute's Center for Leadership and Change Management brings new understanding to developing organizational leadership and stimulating practical applications of this knowledge. Discover how Poddar Institute leadership ventures, learning teams and other programs can help you forge your future path as a leader.

World Class Andragogy

Global Immersion Program

Academic & Professional Training Abroad in Three Continents LEARN ABOUT BUSINESS FROM A DIFFERENT PERSPECTIVE, EXPERIENCE ANOTHER CULTURE. Poddar Institute offers one of the most vibrant Global Immersion Programs (GIP), with PGDM students electing to study abroad each year in cities ranging from London to Gold Coast to Sudbury in Canada. Through our partner schools, GIP offers you the opportunity to learn in-depth about business from a different cultural perspective,

immerse yourself in a culture outside of India and broaden your network significantly. Students who participate in trimester abroad are uniquely positioned to explore global leadership opportunities.

At Poddar Institute our students experience short, full-credit courses in an intensive workshop format in a country relevant for the topic and get a high-level survey of the economic, cultural, and geo-political drivers behind regions, integral to the global economy, then experience it in-country.

TRIMESTER ABROAD

The program enables students to study abroad at one of their university's partner institutions. For many students, the prospect of studying abroad is both exciting and terrifying. You will, however, be sure to experience a brand-new culture, meet new people, and grow as a person. Every student's study abroad experience is different, but the one thing they have in common is that the experience is a memorable one. We have recently opened a new academic mobility program, through which we provide international students with many benefits.

The student exchange program enriches life – both academically and personally.

Students experience a completely new way of life, studying abroad will allow you to experience different cultures and perspectives, including new traditions and customs and meeting new people. For example taking part in local activities, trying the local food, and making friends with a variety of people, will give you a better understanding and appreciation for the nation's history and its people.

Studying abroad will expand your employment opportunities,

Not only is studying abroad a great way to expand your perspective, but it can also boost your employability. In an increasingly globalized world, more and more employers are looking for students with international experience.

Experience different styles of education

Use this as an opportunity to experience different methods of teaching and find out what type of learning works best for you. It's a great way to immerse yourself in a new academic setting and see a side of your degree that you may not have seen before.

Opportunity to learn a new language

Make new friends from around the world from many different backgrounds.

Traveling nearby countries is easy

Visiting other countries can help change your worldview and give you an international outlook – something that is highly-sought after by employers.

STATE-OF-THE-ART INFRASTRUCTURE

Ramchandrapura Ind. Area Campus

OVERVIEW

Located in the midst of the Educational and Industrial Hub of Jaipur, the lush green hi-fi campus of Poddar Business School equipped with all modern amenities provides the right platform for the students to get connected with the Industries and Corporate Sector. The campus is well connected to Public Transport facilities and well equipped with other basic facilities like Healthcare, Banking, Postal Services, Shopping Complex, Malls, etc.

DIGITAL LIBRARY & RESOURCE CENTRE

- A well-resourced and spacious library and resource center designed to provide support to all management and information technology departments.
- The library offers a large and diversified collection of national, and international books and journals on Management, IT, Commerce & Arts, in addition to the latest magazines, subscriptions, handbooks, standard manuals, technical reports, etc.
- The digital library on the campus provides access to archives, a collection of e-books, e-journals, CD-ROMs, text images, and other online collections to scholars and learners. We also offer audio-visual facilities to students and faculty members within library premises.
- NDL: We are a member of the National Digital Library of India –
- DELNET – We are a proud member of DELNET (Developing Library Network).

SUPER COMPUTING LAB

- With the state-of-the-art Advanced Computer Centre with more than 60 hi-tech computers.
- The computers are interconnected via high-speed LAN & internet services through wireless connectivity.
- Qualified faculties to assist the students with information search, creating multimedia presentations, executing project work and facilitating the teaching and learning of advanced computing skills.

DIGITAL SMART CLASSROOMS (The Temple of Knowledge)

- Classrooms designed to match world professional education standards.
- Technology-enhanced classrooms that enhance the way of teaching and learning digitally foster opportunities for the same by integrating learning technology, such as computers, specialized software, and audience response technology.
- Classrooms integrated with digital displays, tabs, whiteboards, assistive listening devices, and other audio-visual components to make lectures easier, engaging, and more interactive

GYMNASIUM

- Well-equipped gymnasium equipped with ultra-modern facilities and fitness equipment is established within the campus for students as well as faculty.
- The main objective of the gymnasium is to help students develop more strength and stamina in terms of their health and other activities.

SPORTS ACADEMY (Indoor & Outdoor)

- Sports activity helps in overall physical development and brain development and increases the power of reasoning of students. Being actively involved in sports can help students relax from their daily routine of learning syllabus and reduces exam stress.
- One needs to keep a balance between work and play to keep the body and soul in sync. Sports also inculcate various qualities like – Tolerance, Patience, Pressure Handling, Team Spirit, Proficiency in sharing Victory and Defeat Obedience, etc.
- We at Poddar Business School give special attention to Sports and have established an international standard Sports Academy in the College Compound for a variety of Outdoor and Indoor Games like Cricket, Volleyball, Kabaddi, Badminton, Snooker, Table Tennis, Carrom, Chess etc.

TRANSPORTATION

- The college has its fleet of hi-class own buses & vans equipped with comfortable seating that cover all the main routes of the city. College provides pick-up and drops facilities to the students at very affordable charges.

CAFETERIA (The Platform of Connetivity)

- Our cafeteria is spacious enough to accommodate more than 100 students at a time and serves a variety of snacks and meals to the students, staff, and faculty at moderate rates.
- It provides all types of nutritious and hygienic eatables and beverages. Keeping in mind the utmost priority at present times, the cafeteria ensures all necessary precautions and procedures for hygiene and safety.

HOSTEL

- The college has separate in-house hostel blocks for Boys and Girls with twin and triple sharing room options. The hostel incorporates the facility of both Air- Conditioned and Non-AC rooms.
- As the college campus is located in the educational hub of the city, there are many other comfortable accommodations also available for students nearby the college premises.

CONFERENCE, BOARD ROOM & TRAINING ROOM

- Boardrooms or Conference rooms - playgrounds for new ideas, discussions, negotiations, and meetings for the team to coordinate, communicate, review and optimize the way forward.
- Our Training and Conference rooms equipped with built-in data projector, overhead projector, internet services, and interactive smart boards are developed and designed in a way to ease connection, and communication for training & placement processes.

YOGA & FITNESS CENTER

- Yoga education prepares the students physically and mentally for the integration of their physical, mental and spiritual faculties so that the students can become healthier, saner, and more integrated members of the society and nation.
- Yoga education helps in self-discipline and self-control, leading to an immense amount of awareness, concentration, and a higher level of consciousness.

ADMISSION PROCEDURE

- The selection procedure through written examination of Valid CAT, MAT, XAT, GMAT, and CMAT score
- Followed by Group Discussion
- Personal Interview.
- Eligibility: Graduate in any field with a minimum of 50% marks.

Fees 7.26 Lac
